This week, Region 3 will be releasing a lot of information related to Dimock which includes results of our sampling and analysis of private wells and responses to FOIA requests about our efforts there. The information contains names, phone numbers and email addresses of many Region 3 and Headquarters employees which may lead to you getting contacted for additional information about Dimock. Please do not respond directly to any such requests. To help us manage communications (and to keep you from having to disrupt your day-to-day work), please refer all contacts to one of the following individuals who will ensure that the region responds appropriately.

Please let me know if you have questions or need additional information. thanks, Kathy
